

#msm10

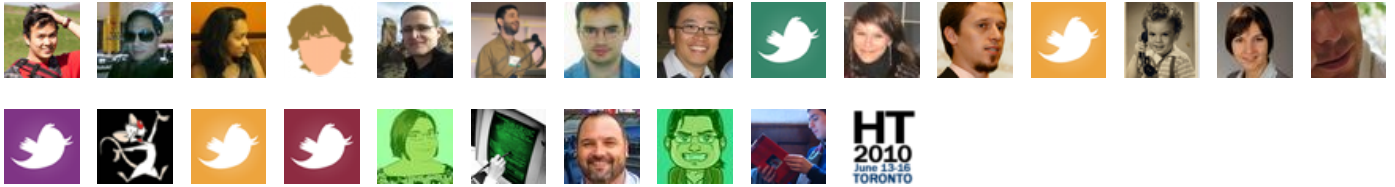

Modeling Social Media Workshop 2010

International Workshop on Modeling Social Media (MSM'2010) held in conjunction with Hypertext 2010

Trending Words

social, @edchi, ed, workshop, rt, chi:, media, #ht2010, modeling, online, talk, model, msm, models, discussion

Event Participants

RT @edchi: Woohoo! My keynote slides on Model-Driven Research for Social Media featured on Slideshare's home page. <http://slidesha.re/bQKc97> #msm10

14-Jun-10 19:27 | chatchavan

@munmun10 Yes there were very interesting discussions and hopefully we can continue those online on Twitter, FB and LinkedIn #msm10

14-Jun-10 19:27 | GadgetMan4U

Sounds like there were interesting discussions! RT @mstrohm @munmun10 #msm10 was great - it's a pity you couldn't make it, we missed you

14-Jun-10 17:32 | munmun10

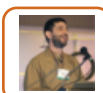

RT @mstrohm: RT @marc_smith: Mapping connections among those who tweet #MSM10: <http://ping.fm/EOzKx> #NodeXL #SNA #socialmedia

14-Jun-10 17:26 | arkaitz

RT @marc_smith: Mapping connections among those who tweet #MSM10 (modeling social media): <http://ping.fm/EOzKx> #NodeXL #SNA #socialmedia

14-Jun-10 17:23 | mstrohm

Mapping connections among those who tweet #MSM10 (mapping social media): <http://ping.fm/EOzKx> #NodeXL #SNA #socialmedia

14-Jun-10 17:13 | marc_smith

RT @mstrohm: checkout @edchi's Model-Driven Research for Social Media on slideshare <http://slidesha.re/bQKc97> #msm10

14-Jun-10 16:29 | softmodeling

@mstrohm, @msm_10: Thanks @edchi for the keynote and the slides from #msm10 workshop

14-Jun-10 15:44 | GadgetMan4U

"Hypertext Day 1 Workshop on Modelling Social Media #MSM10 : OneShare" <http://bit.ly/a4IqPN> /via @SocialSentiment

14-Jun-10 14:00 | mstrohm

checkout @edchi's excellent MSM'10 keynote slides on Model-Driven Research for Social Media on slideshare <http://slidesha.re/bQKc97> #msm10

14-Jun-10 13:32 | mstrohm

Woohoo! My keynote slides on Model-Driven Research for Social Media featured on Slideshare's home page. <http://slidesha.re/bQKc97> #msm10

14-Jun-10 13:22 | edchi

@munmun10 #msm10 was great - it's a pity you couldn't make it, we missed you!

RT @mstrohm: some of the slides for today's MSM'2010 workshop are already online: <http://kmi.tugraz.at/workshop/MSM10/> #msm10

14-Jun-10 06:59 | clauwa

some of the slides for today's MSM'2010 workshop are already online: <http://kmi.tugraz.at/workshop/MSM10/> #msm10 (via @mstrohm)

14-Jun-10 06:50 | timse7

@mstrohm Yes I'd like to echo the same statement as well, great turn out and great discussion, let's continue online #msm10

14-Jun-10 02:55 | msm_2010

thx to all ~30 attendees of MSM'2010 for making it such an exciting event! I truly enjoyed the conversations & meeting interest. ppl #msm10

14-Jun-10 02:37 | mstrohm

some of the slides for today's MSM'2010 workshop are already online: <http://kmi.tugraz.at/workshop/MSM10/> #msm10

14-Jun-10 02:33 | mstrohm

RT @barrywellman: .@msm_2010 Also noted that Dunbar doesn't propound 150 for complex societies. See future Rainie-Wellman _Networked_ book for details #msm10

13-Jun-10 22:35 | munmun10

.@msm_2010 Also noted that Dunbar doesn't propound 150 for complex societies. See future Rainie-Wellman _Networked_ book for details #msm10

13-Jun-10 22:10 | barrywellman

Having beer and wings with panelists from MSM workshop #msm10 (@ Molly Bloom's | Irish Pub w/ @edchi) <http://4sq.com/anXbQs>

13-Jun-10 21:26 | GadgetMan4U

.@msm-10 Sorry I wasn't clear. I said most people are using Twitter to inform tweeps about themselves. See @informor & @jepu paper #msm10

13-Jun-10 21:12 | barrywellman

MSM workshop is now over, thanks for coming <http://spreadsheets.google.com/viewform?formkey=dEtTWWdKdkw2eDI3SIVnd3dMZTNYb3c6MQ> #msm10

13-Jun-10 20:44 | msm_2010

RT @msm_2010: @barrywellman most people are using twitter to say things to the world #msm10

13-Jun-10 20:42 | barrywellman

closing talk by @mstrohm at MSM'10: social media data augments real world connections and data #msm10 #ht2010

13-Jun-10 20:28 | elisab79

Closing words at #msm10. Very interesting workshop and discussions. Looking forward to #ht2010 tomorrow.

13-Jun-10 20:26 | chris_koerner

@strohmaier didn't see any comparative models in these talks #msm10

13-Jun-10 20:21 | msm_2010

Andrea Capocci: Social closeness implies semantical similarity and shared interests, large groups carries little info #msm10

13-Jun-10 20:16 | msm_2010

RT @msm_2010: Ed Chi: fighting for carrots in rabbit population is like fighting for resources in new articles in Wikipedia, nice! @edchi #msm10

13-Jun-10 20:15 | riddhiman

Andrea Capocci presenting Friendship, collaboration and semantics in Flickr: from social interaction to semantic similarity #msm10 @msm_10

13-Jun-10 20:10 | GadgetMan4U

Average American has 700 relationships not 150 from Dunbar @barrywellman #msm10

13-Jun-10 19:28 | msm_2010

@barrywellman internet is viewed as a person #msm10 @edchi social media is combination of context, content and network structure #msm10

13-Jun-10 19:28 | msm_2010

@barrywellman most people are using twitter to say things to the world #msm10

13-Jun-10 19:26 | msm_2010

For those in the audience, for enterprise social networking, read The Facebook Era <http://facebookera.com> by Clara Shih #msm10

13-Jun-10 19:22 | msm_2010

Enterprise social media is it good to use Twitter and other social media in enterprises #msm10

13-Jun-10 19:17 | msm_2010

@edchi don't have a lot of interesting data points because people use their real name and others don't #msm10

13-Jun-10 19:02 | msm_2010

Hypertext 2009 used RFID tags for detecting people nearby and connecting to online social networks <http://www.ht2009.org> #msm10

13-Jun-10 18:56 | msm_2010

@edchi augmenting physical conference with virtual online #msm10

13-Jun-10 18:41 | msm_2010

Virtual communication is not meant to replace physical channels @edchi @gadgetman4u #msm10

13-Jun-10 18:40 | msm_2010

Now talking about having conferences virtually online #msm10

13-Jun-10 18:38 | msm_2010

@edchi have moved from broadcast to networked media, shift of power away from societal determined authorities to network authorities #msm10

13-Jun-10 18:29 | msm_2010

Now open discussion to the panel, @mstrohm is there a difference between modeling social networks and modeling social media #msm10

13-Jun-10 18:24 | msm_2010

Jamie Blustein is interested in models that are adaptive to people, modeling how people can use systems, make suggestions #msm10

13-Jun-10 18:21 | msm_2010

Now Jamie Blustein giving last 5 min talk in discussion panel #msm10

13-Jun-10 18:18 | msm_2010

panel discussion at MSM'10 workshop with ed chi, barry wellman, james blustein #msm10 #ht2010

13-Jun-10 18:15 | elisab79

RT @elisab79: else nygren talks about social grooming #msm10 #ht2010

13-Jun-10 17:41 | goettl

3rd poster by Moyen Mustaquim on Systems Thinking Model for Open Source Software Development in Social Media #msm10

13-Jun-10 16:11 | msm_2010

2nd poster pitch by Jamie Blustein on Conceptual Model for Dimensions Affecting Employees' Effective Participation in Social Tagging #msm10

13-Jun-10 16:08 | msm_2010

Poster pitches now, first poster is Anthony Bonato on Dimension of Online Social Networks #msm10

13-Jun-10 16:06 | msm_2010

RT @edchi: Social Grooming as a model for understanding social dynamics in online discussion groups. This research dir. has potential. #MSM10

13-Jun-10 15:51 | SteveInTransit

@schafele Never heard of ResearchGate, you can create one for MSM10 #msm10

13-Jun-10 15:50 | msm_2010

Third talk of MSM workshop from Andrew Hilts and Eric Yu on Modeling social media support for elicitation of citizen opinion #msm10 #ht10

13-Jun-10 15:49 | GadgetMan4U

Andrew Hilts: Mapped ideas from the literature into the i* model with actors and agents #msm10

13-Jun-10 15:48 | msm_2010

Andrew Hilts: Using goal and agent-oriented analysis and design and using i* for citizen opinion #msm10

13-Jun-10 15:46 | msm_2010

I can't find a msm10 group on www.researchgate.net ;) #ht10 #ht2010 #msm10

13-Jun-10 15:44 | schafele

@edchi yes definitely for sure, can see it being used for making a grooming graph and doing SNA for modeling social behaviour #msm10

13-Jun-10 15:43 | msm_2010

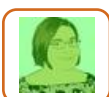

Andrew Hilts: Are collaborative filters an echo chamber? Minority views are not considered, instead of dominant opinions #msm10

13-Jun-10 15:42 | msm_2010

2nd talk of the 2nd session by Andrew Hilts on Modeling Social Media support for the elicitation of citizen opinion #msm10

13-Jun-10 15:39 | msm_2010

Modeling Social Media workshop at #Hypertext 2010: <http://kmi.tugraz.at/workshop/MSM10/> #MSM10 @edchi #socialweb #socialsemweb

13-Jun-10 15:37 | jschneider

negative mention is better than ignoring people @elsepelse #msm10 #ht2010

13-Jun-10 15:30 | elisab79

@edchi That was a great talk Ed, liked how you talked about my rabbits for growth modeling! #msm10 @gadgetman4u

13-Jun-10 15:11 | msm_2010

2nd talk second session on MSM workshop, Else Nygren about Modeling Social Dynamics of Online Discussion Groups @msm_10 @ElseNygren #msm10

13-Jun-10 15:09 | GadgetMan4U

Social grooming online in an online discussion group is text-based, people post to get attention and get social reward @Elsepelse #msm10

13-Jun-10 15:06 | msm_2010

RT @msm_2010: Ed Chi: Prescriptive models tell practitioners how to build things, eg.Yahoo! Social Pattern Library to create rec systems @edchi #msm10

13-Jun-10 15:06 | mstrohm

else nygren talks about social grooming #msm10 #ht2010

13-Jun-10 15:05 | elisab79

Biologists find by observing social grooming in primates those have more grooming, have more food and have high status @Elsepelse #msm10

13-Jun-10 15:04 | msm_2010

.@aliceoh Whew! Felt like I was talking a mile a minute, but yet an hours goes by quickly. #MSM10

13-Jun-10 15:02 | edchi

Second session on Social Interaction, talk from Else Nygren @Elsepelse on Modeling Social Dynamics of Online Discussion Sites #msm10

13-Jun-10 15:01 | msm_2010

next presentation: Else Nygren: Modelling the social dynamics of online discussion groups #msm10 #ht2010

13-Jun-10 15:00 | elisab79

Danielle Lee: users in Delicious undershare items #msm10

13-Jun-10 14:40 | msm_2010

First paper of MSM workshop by Danielle Lee on Measure Similarity in Unilateral Relations #msm10 #ht10 #ht2010

13-Jun-10 14:38 | GadgetMan4U

Danielle Lee: unilateral relations are users' self-pointed connections like following in Twitter requires no mutual agreements #msm10

13-Jun-10 14:31 | msm_2010

Danielle Lee: problem of item unit-based similarity measure, need more semantic and dimensionality for social tagging systems #msm10

13-Jun-10 14:30 | msm_2010

First talk of MSM workshop, Danielle Lee on How to Measure Information Similarity in Unilateral Relations #msm10

13-Jun-10 14:28 | msm_2010

Ed Chi talk finished, more info at <http://asc-parc.blogspot.com>, <http://www.edchi.net> @edchi #msm10

13-Jun-10 14:27 | msm_2010

Ed Chi: Generative models traces back to Claude Shannon, if use info theory, can predict and generate next word @edchi #msm10

13-Jun-10 14:19 | msm_2010

Ed Chi: frameworks for reputation systems what you should do to build, from Dellarocas, MIT Sloan Mgmt Review @edchi #msm10

13-Jun-10 14:17 | msm_2010

RT @msm_2010: Ed Chi: Prescriptive models tell practitioners how to build things, eg. Yahoo! Social Pattern Library to create rec systems @edchi #msm10

13-Jun-10 14:16 | chris_koerner

checkout MrTaggy at <http://mrtaggy.com/> #MSM10 #ht2010

13-Jun-10 14:15 | elisab79

Ed Chi: Prescriptive models tell practitioners how to build things, eg. Yahoo! Social Pattern Library to create rec systems @edchi #msm10

13-Jun-10 14:15 | msm_2010

Ed Chi and his group have created <http://www.MrTaggy.com> using MapReduce for spreading activation in a bi-graph @edchi #msm10

13-Jun-10 14:13 | msm_2010

Measuring the goodness of the tag (mutual information) from HT 2008 study on delicious, tagging more chaotic over time @edchi #msm10

13-Jun-10 14:09 | msm_2010

nice blog entry about the idea to use information theory to understand social tagging datasets <http://tinyurl.com/2vtqu2c> #MSM10 #ht2010

13-Jun-10 14:08 | elisab79

Using entropy to model uncertainty in tag usage, if keep seeing the same tag, know that the next predicted tag is that tag @edchi #msm10

13-Jun-10 14:07 | msm_2010

#ht2010 conference workshops started today with #msm10 - keynote talk by @edchi

13-Jun-10 14:05 | arkaiz

Ed Chi: Problem with social tagging, what did I tag this thing as, msm10 or msm_2010, or modeling? @edchi #msm10

13-Jun-10 14:05 | msm_2010

Ed Chi: Using information theory to model social tagging from ACM Hypertext 2008, encoding and retrieval @edchi #msm10

13-Jun-10 14:03 | msm_2010

ed chi says social tagging creates noise since people use different tag words to express similar concepts #MSM10

13-Jun-10 14:02 | elisab79

Ed Chi: Predictive modeling helps for guessing, especially in Hypertext community, social tagging creates noise @edchi #msm10

13-Jun-10 14:01 | msm_2010

Ed Chi: population dynamics model - r-Strategist (growth or exploitation) and K-strategist (conservation, eg. whale) @edchi #msm10

13-Jun-10 13:58 | msm_2010

RT @edchi: Giving keynote @ Modeling Social Media workshop at Hypertext 2010
<http://kmi.tugraz.at/workshop/MSM10/> #MSM10 +++ Includes papers

13-Jun-10 13:49 | roundtrip

Ed Chi: Explanatory models help understand possible mechanisms, earlier exponential growth model was preferential attachment @edchi #msm10

13-Jun-10 13:47 | msm_2010

Ed Chi: talking about modeling of Wikipedia in terms of active editors, using Wikipedia as descriptive model @edchi #msm10

13-Jun-10 13:42 | msm_2010

Ed Chi: tough task to identify models from the literature since it is widespread in various publications @edchi #msm10

13-Jun-10 13:37 | msm_2010

Ed Chi: models are meant to be challenged, from Sun et al. in ICWSM2009 large clusters are not started by "one guy" @edchi #msm10

13-Jun-10 13:33 | msm_2010

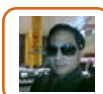

Ed Chi: models are ways to describe and explain what we have learned @edchi #msm10

13-Jun-10 13:29 | msm_2010

Ed Chi: we use scientific method for augmenting social cognition, all models are wrong from scientific point of view #msm10

13-Jun-10 13:29 | msm_2010

MSM workshop is starting, intro done, now Ed Chi giving keynote <http://ping.fm/jzJn0> #msm10 #ht10 #ht2010

13-Jun-10 13:24 | GadgetMan4U

Ed Chi is talking about Model-driven Research for Augmenting Social Cognition at #msm10

13-Jun-10 13:23 | chris_koerner

its about model driven research for augmenting social cognition #MSM10

13-Jun-10 13:22 | elisab79

About to give keynote at the Modeling Social Media workshop at Hypertext:
<http://kmi.tugraz.at/workshop/MSM10/> #MSM10

13-Jun-10 13:21 | edchi

Introduction is done, now keynote with Ed Chi on Model-driven Research for Augmenting Social Cognition #msm10

13-Jun-10 13:21 | msm_2010

ed chi will be the first speaker at #msm10 #ht2010

13-Jun-10 13:21 | elisab79

Workshop will start at 9 am, so come into the Bahen Center, room 7180 and coffee and refreshments will be served soon! #msm10

13-Jun-10 12:39 | msm_2010

Now preparing the final stuff for MSM workshop, we are at Bahen Center, room 7180 #msm10

13-Jun-10 12:01 | GadgetMan4U

RT @mstrohm: PDFs for all accepted papers at the HT'2010 Modeling Social Media workshop are available online: <http://bit.ly/9U9r0z> #msm2010 #msm10

12-Jun-10 09:15 | klamma

1 more day till workshop, have safe trip and see you Sunday at 9 am in Bahen Centre room 7180 <http://kmi.tugraz.at/workshop/MSM10/> #msm10

11-Jun-10 22:21 | msm_2010

PDFs for all accepted papers at the HT'2010 Modeling Social Media workshop are available online: <http://bit.ly/9U9r0z> #msm2010 #msm10

11-Jun-10 21:07 | mstrohm

Woke up, checking email, doing preparations for MSM workshop at Hypertext for Sunday #msm10 — at Glen Abbey Golf Club <http://gowal.la/r/51u4>

11-Jun-10 13:51 | GadgetMan4U

RT @HT2010: Only 3 days left until workshops at Hypertext starts! Have a safe trip and see you in Toronto! #toronto #ht10 #workshops #msm10

10-Jun-10 09:33 | natematias

Only 3 days left until workshops at Hypertext starts! Have a safe trip and see you in Toronto! #toronto #ht10 #workshops #msm10

10-Jun-10 08:39 | HT2010
